Dear Ms. Pickett:

Our letter dated February 21, 2020 transmitted the revised tentative Waste Discharge Requirements and Water Reclamation Requirements (WDRs/WRRs) for the Vista Canyon Water Factory – the City of Santa Clarita.

Pursuant to Division 7 of the California Water Code, the Los Angeles Regional Water Quality Control Board (Regional Water Board) at a public meeting held on April 16, 2020, reviewed the revised tentative WDRs/WRRs, considered all factors in the case, and adopted WDRs Order No. R4-2020-0049 (copies enclosed) relative to this discharge and recycled water applications.
