David Maistros, City Manager
P.O. Box 707
Avalon, CA90704

RESPONSE TO REQUEST FOR EXTENSION OF DEADLINE FOR SUBMITTAL OF CLIMATE CHANGE EFFECTS VULNERABILITY ASSESSMENT AND MITIGATION PLAN - CITY OF AVALON, AVALON WASTEWATER TREATMENT FACILITY (NPDES NO. CA0054372, CI NO. 0066)

Dear David Maistros:

On May 23, 2024, the Regional Water Quality Control Board, Los Angeles Region (Los Angeles Water Board) adopted Order No. R4-2024-0253, which became effective on July 1, 2024, and serves as Waste Discharge Requirements (WDRs) and a National Pollutant Discharge Elimination System (NPDES) permit for the Avalon Wastewater Treatment Facility. Section 6.3.4.b of the NPDES permit requires that the City of Avalon develop and submit a Climate Change Plan 12 months after the effective date of Order No. R4-2024-0253. On June 30, 2025, the Los Angeles Water Board received correspondence from the City of Avalon requesting a 3-month extension of the deadline to submit a *Climate Change Effects Vulnerability Assessment and Mitigation Plan* (Climate Change Plan) due to the administrative procedures required to receive approval from the City of Avalon Council to secure and allocate additional funds. The City of Avalon Council approved funding for the Climate Change Plan on May 6, 2025. Thereafter, the City of Avalon staff executed the contract with the consultant and went through the contract approvals with the City of Avalon's attorneys and the consultant. The consultant officially started working on the Climate Change Plan on June 16, 2025, and therefore needs additional time to complete the Climate Change Plan.

Los Angeles Water Board staff reviewed your request and finds that an extension to the due date is acceptable since the City of Avalon experienced delays due to funding constraints. The due date for the Climate Change Plan is hereby postponed from July 1, 2025 to October 1, 2025.

In the future, please submit any requests for an extension to any permit requirement at least one month prior to the due date to provide sufficient time for full consideration.

If you have any question regarding this proposed action, please contact Don Tsai at (213) 576-6681 or via email at Don.Tsai@waterboards.ca.gov or Steven Webb, at (213) 576-6793 or via email at Steven.Webb@waterboards.ca.gov.

Sincerely,

for Susana Arredondo
Executive Officer
