ADMINISTRATIVE CONTINUATION OF ORDER R5-2005-0155 (NPDES PERMIT NO. CA0081795), UNITED STATES DEPARTMENT OF INTERIOR, NATIONAL PARK SERVICE, YOSEMITE NATIONAL PARK, WAWONA WASTEWATER TREATMENT FACILITY, MARIPOSA COUNTY

This letter authorizes the administrative continuation of Waste Discharge Requirements Order R5-2005-0155, National Pollutant Discharge Elimination System Permit No. CA0081795, as issued to the United States Department of Interior, National Park Service, Yosemite National Park (YNP). The permit is for discharge of disinfected tertiary municipal wastewater from the Wawona Wastewater Treatment Facility to the Wawona Golf Course and the South Fork of the Merced River, a water of the United States. On 20 April 2010, YNP submitted an application to renew the permit, which expires on 21 October 2010.

Pursuant to section 122.6, Title 40, Code of Federal Regulations and Title 23, California Code of Regulations, section 2235.4, Order R5-2005-0155 is hereby continued. The permit will remain in force, fully effective and enforceable. This continuation is conditional upon payment of appropriate fees and observance of the terms and conditions of Order R5-2005-0155. This continuation is based upon the fact that YNP submitted a timely application for renewal of the permit and YNP's commitment to operate the facility in compliance with the terms and conditions of Order R5-2005-0155. The Central Valley Regional Water Quality Control Board is in the process of drafting tentative waste discharge requirements for the subject facility. YNP will have an opportunity to comment on the tentative waste discharge requirements prior to adoption.

If you have any questions regarding this matter, please contact Aide Ortiz at (559) 445-6083 or at aortiz@waterboards.ca.gov.
