**NOTICE OF ADOPTION  
ORDER R5-2017-0103  
AMENDING TIME SCHEDULE ORDER R5-2015-0003-01  
NPDES PERMIT NO. CA0079391**

**FOR**

**CITY OF JACKSON  
WASTEWATER TREATMENT PLANT  
AMADOR COUNTY**

Enclosed is Order R5-2017-0103 (Order) amending Time Schedule Order R5-2015-0003-01 for City of Jackson, Wastewater Treatment Plant, adopted by the California Regional Water Quality Control Board, Central Valley Region, on 20 October 2017. This Order became effective on 20 October 2017. Please review your Order carefully to ensure that you understand all aspects of the requirements.

Also enclosed is the amended Time Schedule Order R5-2015-0003-02 (TSO). Please review your amended TSO carefully to ensure that you understand all aspects of the requirements and amendments. Note that interim effluent limitations are effective from 20 October 2017 through 31 May 2019. Please note that the time schedule, located on page 10 of the amended TSO, requires submittal of specified compliance and progress reports by the dates provided. These submittals include the items listed in the following table.

| <b>TSO-Required Progress and Compliance Reports</b> |                                                                                                         | <b>Due Date</b>      |
|-----------------------------------------------------|---------------------------------------------------------------------------------------------------------|----------------------|
| Task i.                                             | Submit Progress Reports <sup>1</sup>                                                                    | 31 January, annually |
| Task ii.                                            | Submit documentation that the design is complete                                                        | 31 July 2016         |
| Task iii.                                           | Submit documentation that bid has been awarded                                                          | 31 October 2016      |
| Task iv.                                            | Submit documentation that conversion to UV disinfection and improvements for denitrification have begun | 28 February 2017     |
| Task v.                                             | Submit documentation that construction has completed                                                    | 28 February 2019     |
| Task vi.                                            | Submit documentation of enhanced treatment process startup                                              | 31 May 2019          |

KARL E. LONGLEY SCD, P.E., CHAIR | PAMELA C. CREEDON, EXECUTIVE OFFICER

| TSO-Required Progress and Compliance Reports                                                                                                                                                                           | Due Date    |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|
| Task vii. Submit documentation showing that the discharge fully complies with the final effluent limitations for cyanide, chlorodibromomethane, dichlorobromomethane, nitrate plus nitrite, and total trihalomethanes. | 1 June 2019 |

- <sup>1</sup> The progress reports shall detail the steps taken to comply with this Order, including documentation showing completion of tasks, construction progress, evaluation of the effectiveness of the implemented measures, and assessment of whether additional measures are necessary to meet the compliance dates.

**Effective 20 October 2017**, the City of Jackson is required to submit all of the technical and progress reports required by WDRs R5-2013-0146-01 (NPDES CA0079391) and TSO R5-2015-0003-02 via CIWQS submittal. In general, if any monitoring data for a monitoring location can be submitted using a Computable Document Format (CDF) file upload, then it should be submitted as a CDF file upload, such as characterization monitoring data. However, certain parameters that cannot be uploaded to the CIWQS data tables, such as Annual Progress Reports, should be uploaded as a PDF, Microsoft Word, or Microsoft Excel file attachment. Also, please upload a cover letter summarizing the content of the report to the submittal tab of the CIWQS module for each submittal.

Now that your amended time schedule order has been adopted, the Central Valley Water Board's Compliance and Enforcement section will take over management of your case. Mohammad Farhad is your point of contact for any questions about the Order. If you find it necessary to make a change to your time schedule order, Mr. Farhad will direct you to the appropriate Permitting staff. You may contact Mr. Farhad at (916) 464-1181 or by email at [Mohammad.Farhad@waterboards.ca.gov](mailto:Mohammad.Farhad@waterboards.ca.gov).
