ELECTRONIC SUBMITTAL OF SELF-MONITORING REPORTS, BEAR VALLEY COMMUNITY SERVICES DISTRICT, WASTEWATER TREATMENT PLANT, KERN COUNTY

Thank you for participating in the California Integrated Water Quality System (CIWQS) electronic self-monitoring report, version 2 (eSMR2) program. The eSMR2 reporting satisfies the self-monitoring reporting requirements in your National Pollutant Discharge Elimination System (NPDES) permit.

The Central Valley Regional Water Quality Control Board (Central Valley Water Board) staff has reviewed Bear Valley Community Services District's (District) electronic self-monitoring reports (eSMRs) and has determined that the District has demonstrated its ability to successfully upload data into CIWQS. Pursuant to Provision B.1 of Waste Discharge Requirements Order No. R5-2008-0121 (NPDES Permit No. CA0081213), section X. B.1 of the Monitoring and Reporting Program, and beginning with the March 2010 eSMR (due 1 May 2010), the District must submit eSMRs and discontinue submitting paper self-monitoring reports to the Central Valley Water Board.

If you have any questions regarding this matter, you can contact Jill Walsh at (559) 445-5130.
