

Los Angeles Regional Water Quality Control Board

November 14, 2014

Mr. Robert Barone
Superintendent of Operations
Camrosa Water District
7385 Santa Rosa Road
Camarillo, CA 93012-9284

Dear Mr. Barone:

ADOPTED WASTE DISCHARGE REQUIREMENTS (WDRs) AND NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT AND TIME SCHEDULE ORDER (TSO) FOR CAMROSA WATER DISTRICT, CAMROSA WATER RECLAMATION FACILITY (Order No. R4-2014-0210 and R4-2014-0211, CI NO. 6769)

The Regional Water Quality Control Board, Los Angeles Region (Regional Water Board) transmitted a letter containing the revised tentative Waste Discharge Requirements (WDRs) and National Pollutant Discharge Elimination System (NPDES) Order, and Time Schedule Order (TSO) for the Camrosa Water District's (CWD) Camrosa Water Reclamation Facility (Camrosa WRF) on October 24, 2014.

In accordance with administrative procedures, the Regional Water Board at a public hearing held on November 06, 2014, reviewed the revised tentative requirements, and considered all the factors in the case, and adopted WDRs and NPDES Order No. **R4-2014-0210**, and TSO No. **R4-2014-0211**. After the public hearing, a typo on the cover page of Order R4-2014-0210 was revised to read "VENTURA COUNTY" since the Camrosa Water District and the Camrosa Water Reclamation Facility are both located in Ventura County, and not Los Angeles County.

The complete adopted Orders will be sent only to the Permittee. However, these documents are available on the Regional Water Board's website for review. The Regional Water Board's web address is www.waterboards.ca.gov/losangeles/.

If you have any questions, please contact me at (213) 620-2083 or Steven Webb at (213) 576-6793.

Sincerely,

Cris Morris, P.E., Chief
Municipal Permitting Unit (NPDES)
