RE: WDRs Order No. 89-015 Don Pedro Houseboats and Minimart, 5021 La Grange Rd, La Grange, CA property description & Request for coverage under General Order No. 97-10-DWQ

To Whom it May Concern;

Our property consists of a small mini-mart store, some boat storage units, a houseboat repair yard and a mobile home. We have a Chromaglass CA-25 septic system for the septic system that, after going through the various cycles, discharges the water into a 120,000 gallon (minimum) pond that contains mostly rain water as well as the septic water and is on our property and fenced in. Our system discharges less than 1,000 gallons of water per day as the repair yard, mini-mart and boat storage units use minimal water and the mobile home is occupied by an on-site groundskeeper and his wife. We respectfully request coverage under Water Quality Order No. 97-10 DWQ.

As my father, Pete Pereira, is now 85 years old, I have taken over management of the property, so should you have any questions, please feel free to call me at the above numbers.

Sincerely,

  
Nancy Petersen
