**REVISED MONITORING AND REPORTING PROGRAM, FAIRWAY/GLENMOOR LLC,
AMADOR WATER AGENCY, FAIRWAY PINES/ MACE MEADOWS COMMUNITY
LEACHFIELD SYSTEMS, AMADOR COUNTY**

Central Valley Regional Water Quality Control Board staff has reviewed the Amador Water Agency's 27 May 2011 request to modify the requirements of Monitoring and Reporting Program (MRP) No. R5-2003-0054. In addition, we have reviewed the self-monitoring data submitted in monthly, quarterly, and annual reports. Our review of the data indicates that a revision of the MRP is acceptable.

As indicated in the attached revised MRP, the groundwater monitoring frequency will be changed from quarterly to semi-annually. Please note that the Revised MRP must be implemented on the first day of the month following issuance. Therefore, the January 2012 monitoring report is to conform to the requirements of this Revised MRP.

Please contact Ms. Lixin Fu at (916) 464-4689 or lfu@waterboards.ca.gov if you have any questions regarding this revised MRP. All monitoring reports and compliance and enforcement questions should be directed to Ms. Mary Boyd at (916) 464-4676 or mboyd@waterboards.ca.gov.

Anne Olson

ANNE OLSON, P.E.
Senior Water Resource Control Engineer
