Dear Mr. Grace:

TRANSMITTAL OF WASTE DISCHARGE REQUIREMENTS ORDER NO. R3-2022-0003, NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT NO. CA0047961 – SAN SIMEON COMMUNITY SERVICES DISTRICT, WASTEWATER TREATMENT PLANT, SAN LUIS OBISPO

At its public meeting on February 17, 2022, the Central Coast Regional Water Quality Control Board adopted Order No. R3-2022-0003, Waste Discharge Requirements for the San Simeon Community Services District Wastewater Treatment Plan (attached). Please review the requirements carefully. Central Coast Water Board staff will also post the Order online at:

http://www.waterboards.ca.gov/centralcoast/board_decisions/adopted_orders/index.shtml

The Order provides your permit's effective date. Central Coast Water Board staff will activate the permit within the California Integrated Water Quality System (CIWQS) on the permit effective date. That activation will provide the portal to submit electronic self-monitoring reports (eSMRs) and, if applicable, discharge monitoring reports (DMRs). CIWQS will also provide you with the report expectations and due dates.

To avoid potential late reporting violations, you must complete the necessary information (e.g., designating legally responsible officer(s) and data submitter(s), preparing permittee entry template (PET) tool for uploading eSMRs) to use CIWQS prior to the first eSMR due date. The following CIWQS webpage provides helpful information: https://www.waterboards.ca.gov/water_issues/programs/ciwqs/chc_npdes.html. If you need additional assistance, please contact the CIWQS helpdesk using the contact information on the CIWQS webpage.

Please also take the necessary steps to use the State Water Resources Control Board's Internet GeoTracker system to provide volumetric reporting of wastewater and recycled water, as well as per- and polyfluoroalkyl substances (PFAS) information.

Thank you for your assistance during the Order adoption process. If you have questions regarding the adopted Order, please contact **Leah Lemoine at (805) 549-3159 or leah.lemoine@waterboards.ca.gov** or Arwen Wyatt-Mair at (805) 542-4695 or arwen.wyattmair@waterboards.ca.gov.

Sincerely,

Matthew T. Keeling
