**NOTICE OF ADOPTION
OF
ORDER R5-2013-0133
WASTE DISCHARGE REQUIREMENTS
FOR
CALAVERAS COUNTY WATER DISTRICT
LA CONTENTA WASTEWATER TREATMENT FACILITY
CALAVERAS COUNTY**

Waste Discharge Requirements (WDRs) Order R5-2013-0133 for the Calaveras County Water District La Contenta Wastewater Treatment Facility (WWTF) was adopted by the Central Valley Regional Water Quality Control Board on 4 October 2013.

Although the WDRs allow wastewater discharge to land, the discharge is a privilege not a right and may be revoked at any time. A copy of the Order must be maintained at the facility and must be accessible to anyone operating the wastewater system.

The WDRs include a Monitoring and Reporting Program (MRP), which specifies monitoring and reporting requirements for you to implement. Please review the MRP closely so that you may establish appropriate sampling schedules and reporting protocols. The required monitoring report submittal dates are in the table below.

Required Monitoring Report	Due Date
Monthly Monitoring Reports	1 st day of second month following the sampling (the January Report is due by 1 March)
Semi-Annual Monitoring Reports	1 st day of second month after the semiannual period (the January – June report is due by 1 August)
Annual Monitoring Reports	1 February of each year

Please be advised that the monitoring reports must be submitted on time and complete. Monitoring reports must include all of the items described in the Reporting Section of the MRP. **The first monitoring report is due on 1 January 2014 and is to cover the month of November 2013 monitoring.**

To conserve paper and reduce mailing costs, a paper copy of the Order has been sent only to the Discharger. Interested parties are advised that the full text of this Order is available at: http://www.waterboards.ca.gov/centralvalley/board_decisions/adopted_orders/. Anyone without access to the Internet who needs a paper copy of the Order can obtain one by contacting Central Valley Water Board staff.

If you have any questions regarding submitting an updated report of waste discharge, or making changes to your permitted operations, please contact Lixin Fu at (916) 464-4689 or lfu@waterboards.ca.gov.

All compliance and enforcement questions should be directed to Mary Boyd with the Compliance and Enforcement Section, at (916) 464-4676 or mboyd@waterboards.ca.gov. All technical reports and monitoring reports should be submitted to Ms. Boyd by the compliance due date. The enclosed transmittal sheet shall be included with your monthly and annual reports.

ANNE OLSON, P.E.
Senior Water Resource Control Engineer
